Make an investment in your health and well-being with Allegro Credit, a Synchrony Solution, and a trusted and popular payment option that has been used by patients and clients for more than 30 years.

Here are **two options** to choose from for treatment costs of \$12,000 to \$45,000:

Installment Loan

An Allegro Credit installment loan is a one-time use loan that closes when paid in full at the end of the fixed term. This differs from a credit card, which can be used for additional purchases as credit becomes available.

Example: 84 Month Installment Loan with a Fixed Monthly Payment

Troy finances \$20,000 through a standard installment loan. His monthly fixed payments are \$352.95 (\$20,000 financed for 84 months at all 11.99% APR.*)

Predictable, fixed monthly payments which include all interest charges to make it easier to help fit care into your budget.

Fixed APR.

Term length varies depending on the financing options available.

No application fee or prepayment penalty.

*See back panel for details.

Installment Loan With Waived Interest

With the waived interest option, if you pay off the balance in full within the promotional period, then all interest charges will be waived.

Example: 48 Month Installment Loan with a 24 Month Waived Interest Period

Mei finances \$20,000 through a waived interest installment loan. Her monthly payments are \$608.50 (\$20,000 financed for 48 months at 19.99% APR**). In order to pay off the entire balance within the 24 month promotional** period, she decides to pay \$608.50/month (for 24 months) + \$5,396 (the remaining balance) = \$20,000. Therefore, all interest charges are waived.

The waived interest promotional period is shorter than the full loan term; the duration will be presented when selecting your loan program offer.

Interest will be charged during the promotional period.

All interest will be waived if you pay off your entire balance before the end of the promotional period. For example, you can:

- Increase your monthly payments – or –
- Pay the balance in one payment

Minimum monthly payments will not pay off the loan within the promotional period. If you are unable to pay the balance of the loan before the end of the promotional period, interest will be charged for the full loan term.
